**BRAD LAUX**

Assistant Sports Information Director

Brad Laux is in his second year as MSU's assistant sports information director and ninth overall in the field, and will serve as the contact for several sports, including women's volleyball, soccer, basketball and softball.

Prior to arriving at MSU, Laux, a native of Springfield, Va., spent three years as a graduate assistant at Tennessee and three years as an intern at George Mason. He received his master's from UT in sports administration in 1998. He also worked at UNC Greensboro, where he graduated in 1992 with a bachelor's degree in public relations, and for the U.S. Taekwondo Union at the U.S. Olympic Training Center in Colorado Springs, Colo.

Among his experiences include serving in SID capacities at the 1994 World Cup and the 1996 Olympic Games. Laux married the former Ginny Johnson in June. They reside in Clearfield, Ky.

**On the Cover**

With a trainload of new talent joining seven returning letterwinners, the Lady Eagles look to return to the successes of the past and get "BACK ON TRACK".

## SPORTS INFORMATION STAFF

**Randy Stacy**  
Sports Information  
Director

Randy Stacy enters his 13th season as sports information director after serving 16 months in the MSU Development Office.

Stacy, a 1977 graduate of Morehead State University, is the former assistant sports information director at the University of Kentucky. While at UK, Stacy was responsible for all media and public relations for the men's basketball program, as well as press row operations.

The 44-year-old Stacy served as men's sports information director at MSU for a brief time in 1977, before assuming a full-time position at Tennessee Tech.

The native of Carr Creek, Ky., and graduate of Carr Creek High School (now Knott County Central), also served as a graduate assistant in the MSU Office of Public Information and was a news and sports reporter at WMKY radio.

Stacy is a member of College Sports Information Directors of America (CoSIDA) and serves as the national chairperson of the membership services committee. He also belongs to the Morehead Optimist Club and Elliottville Baptist Church. He is married to the former Jeanetta Caudill of Morehead, and they have two sons, Brad and Jared. They reside in Morehead.

**Brenda Kissinger**  
Sports Information  
Secretary Specialist

Brenda Kissinger is in her 13th year as secretary in the sports information office and assists with all facets of the department's operations. She previously

spent five years as a secretary to former MSU athletic director G.E. "Sonny" Moran. Kissinger has four children, Melissa, Bill, J.R. and Rick, and four grandchildren, John, Josh, Jaclyn and Ashley. She and her two youngest sons, J.R. and Rick, reside in Olive Hill, Ky.

### Jason Blanton

#### Eagle Sports Network

Back for his second year doing the Lady Eagle broadcasts is Jason Blanton. A veteran of broadcasting Morehead State events, Blanton previously did contests in 1992-93 and 1994-95 for the Eagle Sports Network. The life-long Johnson County resident, who graduated from Johnson Central High School and attended Morehead State, Blanton worked on the Eagle Sports Network while a student at MSU and hosted the "Eagle Scoreboard". In addition, in 1995, he served as the sideline reporter for MSU football games. He has also done play-by-play for Pikeville College, the Schoolboy Radio Network and the All "A" Classic Radio Network, in which he serves as co-coordinator.

**The Coaches**

## Laura L. Litter Head Coach

Third-year Morehead State head coach Laura L. Litter is finally starting to see the light at the end of the tunnel. With a stronger talent base, the Lady Eagles are on the verge of turning their program around. Litter hopes to build upon her previous successes during stints as the head coach at Sullivan College and Lees College. In her 18-year career, Litter

has been one of the most successful coaches in the game and having laid the foundation the past two seasons with the Blue and Gold, she looks to build a championship team at MSU like she had done at her previous stops.

Coach Litter's 1999-2000 Lady Eagles are poised to make strides within the conference. The two-time graduate of Morehead State University, was hired on April 7, 1997, and proceeded to lead her team to a 7-19 record in her first campaign. Last winter the Lady Eagles collected a 5-21 mark. Those two years are the only non-winning seasons in her career.

With a career record of 448-125, Litter's teams have posted 16 seasons with 20 or more wins. In six years, her teams have won 30 or more games, while competing in the national tournament four times, including finishing third in the nation in 1993-94. She entered Morehead State with a career winning percentage of 84 percent.

Her most recent stop prior to MSU was as the eight-year mentor at Sullivan College in Lexington, Ky. There, she began the program and proceeded to notch a 30-2 record in the team's first season of play. By the time she left, she had compiled a 233-30 overall record at the school, won conference titles in each year and advanced to the National Junior College Athletic Association Region VII Tournament all eight times.

At Sullivan, Litter coached two NJCAA first-team and three second-team All-Americans, as well as three Kodak first-team All-Americans. In addition, her high-powered offense, generated an NJCAA scoring record in 1993-94, averaging 107.6 points per game, and were ranked as high as third nationally.

The Executives were a staple of the NJCAA Region VII Tournament from 1990 through 1997. Sullivan had its greatest success under Litter in her fourth year in Lexington. That season, the program advanced all the way to the "Final Four", before losing by eight points to eventual national champion Trinity Valley (TX) and finish third.

But, her teams did more than just get it done on the court. Each one of her players that completed two years at the school either received their Associate's Degree or transferred to a four-year institution. Included among the future stops of her student-athletes were such notable basketball powers as Western Kentucky, Maryland, Auburn, Kentucky, Louisville and Drake. In total, 34 went on to play in college and 22 earned a spot on an NCAA Division I roster.

Her first head coaching venture was no different. Litter spent eight years pacing the sidelines of Lees College in Jackson, Ky., where she was responsible for taking over the reigns of a new program. The Lady Generals were in existence two years prior to her arrival. She subsequently tacked up a 203-55 record in eight years at the school.

### COACH LITTER'S PHILOSOPHY

"No written word, no oral plea, can teach our youth what they should be; nor all the books, on all the shelves, it's what the teachers are themselves."

--Anonymous

At Lees, her squad won six conference titles and competed in the NJCAA Tournament eight times. She sent 25 athletes onward to play at Division I schools after they completed their careers' at Lees. Of the 39 who played two years, 35 either graduated or went on to finish their degree at another school.

Combined between her stops at the two schools, Litter earned 11 Kentucky Junior College Athletic Conference Coach of the Year honors and four NJCAA Region VII Coach of the Year awards in her 16-year reign. In addition, she was recognized by Lees College, which placed her in its Hall of Fame in 1995.

A highly-sought after prep product from Chillicothe, Ohio, Litter played the 1976-77 year at Morehead State, before succumbing to a career-ending injury. She remained as a graduate assistant coach at her alma mater under Mickey Wells, serving in that capacity through the 1980-81 campaign.

She earned her bachelor's degree in recreation and business administration in 1980 and then her master's degree from MSU in education in 1981.

## Corbett Grigsby

**Associate  
Head Coach**

Corbett Grigsby begins his third year as the Lady Eagles' associate head coach, but has worked with Coach Laura L. Litter for the past 18 years, starting as the athletic director and Litter's recruiting coordinator

at Lees College from 1978 to 1989. After his stint at Lees, Grigsby and Litter moved on to Sullivan College from 1989-1997, where Grigsby took on the same responsibilities he held at Lees. At Morehead State, he will again direct the Lady Eagles' recruiting efforts, while also performing administrative duties.

Grigsby first entered into the coaching field in 1978 at Lees College. He served as athletic director when the women's basketball programs were begun at Lees and Sullivan, starting the team at Lees two years before the Litter's arrival. During his stay at the two schools, Grigsby's teams compiled a 476-104 record.

In 18 years of coaching, Grigsby's squads have won 30 or more games six times and 20 or more 12 times. Ninety percent of the players he recruited at his two previous stops either graduated or transferred to a four-year school. Five of those athletes were also named as All-Americans.

Prior to his coaching career, Grigsby taught in the Breathitt County (Ky.) school system. He has earned two degrees, both at institutions he later returned to as a coach. The 1962 Morehead State graduate earned his bachelor's degree in social studies, after receiving an associate's from Lees College in 1960.

A native of Jackson, Ky., Grigsby is married to the former Ruby Stacy. The couple has two children, Stephen and Joy, and two young grandchildren, Cory and Rachael.

## Reagan Rossi

**Graduate  
Assistant**

Reagan Rossi joins the staff this season as a graduate assistant coach, but is also taking over some of the responsibility of former assistant coach James Black. At MSU, Rossi will primarily work with on-court coaching, on-campus recruiting, team academics, the strength and conditioning program as well as other administrative duties.

Rossi spent the 1998-99 campaign as an assistant coach at nearby Georgetown College in Georgetown, Ky. The NAIA Division I Lady Tigers finished 13-13 last season under head coach Susan Johnson.

Prior to her one-year stint at Georgetown, Rossi served as an assistant at Albertson College, in Caldwell, Idaho. In her two years there, the Coyotes posted a 35-24 record—their first two campaigns ever. In her final season at Albertson, the Coyotes fell one game shy of earning a bid to the NAIA National Championship tournament.

Her first coaching position came while serving on a mission in Skagway, Alaska. In her only year in the 50th state, Rossi worked as an assistant boys' coach at Skagway High School.

A four-year standout at St. Ambrose University, an NAIA Division I school in Davenport, Iowa, Rossi helped lead the Queen Bees to the national tournament in 1992 and 1994, both seasons advancing to the "Sweet 16". The Queen Bees also claimed conference crowns during Rossi's freshman and sophomore years. At St. Ambrose, she was a two-year starter at point guard and averaged 10 points and six assists per game as a senior, before earning her degree in 1994.

While attending Mukwonago High School, Rossi earned all-conference and all-area honors on the basketball court, while also lettering in tennis and softball. The Mukwonago, Wis., native now resides in West Liberty, Ky., with her husband, Rudy. She will be pursuing her master's degree in sports administration.

## Linda Caba

### Secretary

Linda Caba joins the Morehead State staff this year as the women's basketball secretary. She comes to MSU from Oskaloosa, Iowa, where she worked as a personnel assistant at the Clow Valve Co. Her husband, Mick, is the new head football coach at Rowan County High School. They have two children, Jaime, who is graduate assistant for the MSU softball team, and a son, Michael, who attends Georgetown College, where he is a member of the nationally-ranked Tiger football team.

She has assisted in her husband's coaching endeavors since 1973, primarily as a statistician and performing administrative functions. The Rockwood, Mich., native, is not new to the area, she previously spent from 1993-97 in Magoffin County, where she ran a sales representative business, while working for the Workforce Development Office for the state.

Caba earned a degree from Bailey's Barber College in Lexington, Ky., in 1997.

## Johnda Wireman

### Assistant Athletic Trainer

Johnda Wireman began her first year as the assistant athletic trainer on November 1. She comes to MSU from Shawnee State in Portsmouth, Ohio, and will work with the football and women's basketball teams.

Wireman spent a little over the past year as the head athletic trainer at Shawnee State, where she also served as a faculty member teaching athletic training classes. Prior to that, she spent four years as the head athletic trainer of Portsmouth High School, while pursuing her master's degree.

A native of Greenup, Ky., Wireman is a 1991 graduate of the University of Kentucky, where she earned her bachelor's degree in dietetics/nutrition. She then earned a second bachelor's degree in athletic training from Shawnee State. In addition, Wireman obtained a master's degree in exercise science from Marshall University in 1998, where she is also currently pursuing her Ed.D. degree in a consortium with West Virginia University.

Besides her experiences in athletic training, she has also worked for two years in the Dietary Department at the University of Kentucky Medical Center after her graduation from UK.

# SEASON OUTLOOK

## "BACK ON TRACK"

During Coach Laura Litter's first five years at Morehead State as a player, manager and graduate assistant, the Lady Eagles won 100 games, a state title and advanced to two AIAW (Association of Intercollegiate Athletics for Women) regional tournaments. Those years were the most successful in the program's 30-year history, averaging 20 wins over the five seasons. Since then, the Lady Eagles have only won 20 games once (in 1981-82).

However, back to return MSU to its successful ways is Litter, who is in her third season as the team's head coach. She has laid the foundation for success and instilled the once-feared Lady Eagles with the pride and determination she knows it will take to once again be champions.

When she first arrived back with the Blue and Gold in 1997-98, she knew that it would take some time to get the players in school and her system in place to gain success with which she is so familiar. Litter has prepared for two years to get to this point, her troops are geared up and the Lady Eagles are ready to get "Back on Track".

The train has been in the station for the last two campaigns, but this year, MSU welcomes a five-member recruiting class, with several high-profile players, as well as its first seniors in two years, and is ready to shoot down the tracks. Add to that the five other returnees, four of whom played significant minutes gaining valuable experience, and the Lady Eagles figure to fulfill their motto.

The Lady Eagles 17-member 1999-2000 team also includes the most depth it has had in several years. Newcomers are likely have an impact at every position and may start at as many as four of the five spots on the floor. They bring strong credentials and success at other levels to MSU, and should add to the team's athleticism and shooting ability. With Coach Litter's emphasis on an open-court, up-tempo game, the newcomers should add speed to the team's bullet train.

"This team has more depth and more athleticism than my previous teams at Morehead State," Litter noted. "The players are eager to learn and willing to work hard. The team is composed of versatile athletes, most of whom can play two or more positions. In our three-guard offense, many of them are interchangeable. My biggest concern is that they lack experience, which can only be gained by playing."

However, the one starter who the newcomers may have a hard time unseating is the Lady Eagles' lone Ohio Valley Conference honoree from 1998-99, 5-5 sophomore shooting guard Heidi Daulton. An All-Freshman Team selection last season and a preseason All-OVC choice this year, Daulton averaged a team-high 11.5 points and 2.1 steals, along with 3.5 assists per game, and was ranked in six league categories last winter, tying for the most of any player in the conference.

"Heidi has worked with the weights and has picked up her ball handling and passing skills," Litter stated. "She is still shooting the lights out and will be a solid shooting guard."

Joining Daulton as the team's other two returning starters are senior forwards Vette Robinson and Cisha Brazley. They have improved steadily since arriving in Morehead three years ago. Last season, both were among the Lady Eagles' best

defenders and are the top two rebounders returning to the fold. With another year of seasoning under their belts, both should continue to make significant contributions as the train's conductors in their final campaigns.

The 5-10 Robinson averaged 11.3 points and 4.3 rebounds per game as the team's center last season. A gritty and feisty player, Robinson possesses athleticism and versatility and is capable of getting to the basket with various post moves. Although undersized for her position, Brazley used her 5-8 frame deftly at the power forward spot last year, averaging a team-best 5.4 rebounds, and was one of the most feared on-ball defenders in the league.

"Vette and Cisha are both great natural athletes and they have developed their basketball skills to the point where they will make a significant contribution this season," said Litter. "Through their enthusiasm, intensity and overall work ethic, Vette and Cisha will provide outstanding leadership for this young team."

Chasing the starters are Litter's own version of the "Fab Four". Junior point guard Naomi Bronson, sophomore center Tasha Gales, and freshmen forwards Julie-ann Kirkland and Jody Sizemore are arguably the most talented foursome to enter the program in its history. Bronson was a second-team junior college All-American at Cincinnati State Technical College last year, while Gales, who sat out last season, was regarded by Litter as one of the team's top two players. Bronson brings quickness and leadership to the lead guard spot, and will pose difficulty to opposing offensive players with her 5-8 frame. Likewise, Gales will add more height to the Lady Eagles' lineup and, at 6-2, with her arm span and quickness, has the potential to develop into a formidable shot blocker.

Besides the two upperclassmen, two star freshmen will don the Blue and Gold this year. Kirkland, an Olympic prospect in her native Australia, was a member of the nation's top amateur team last season. Sizemore, who could play either of the forward position at MSU, is only the third Miss Kentucky Basketball award winner to join the Lady Eagle program. If those credentials are any gauge of future success, both of Sizemore's predecessors were 1,000-point scorers for the Blue and Gold during their careers. Versatile performers who can shoot from outside or muscle opponents underneath the basket, Kirkland at 5-10 and Sizemore at 6-0, could play multiple

**Heidi Daulton led the Lady Eagles in points and steals, and was ranked in six league categories last season.**

positions or team with Gales to make an imposing front line, one of the largest in the OVC.

"The success of this team will depend largely on how quickly the newcomers adapt to our system," Litter admitted. "They come to us with impressive credentials from winning programs. They are expected to contribute early and anywhere from two to four newcomers could be in the lineup on opening night."

Besides Daulton and Bronson in the backcourt, the Lady Eagles will have two outstanding shooters at their disposal. Sophomore **Margaret Klee** and freshman **Michelle Clemons** figure to compete for significant playing time. Although she was one of the team's top shooters last season, the 5-7 Klee is likely to move to more of a distributor's role this winter due to a dearth of players available to play the point. Clemons brings a grittiness and the ability to generate a quick-strike offense and will likely be a deep threat off the bench this season. Two other freshmen, 5-8 **Lindsay Whalen** and 5-9 **Lindsey Hamel** will add depth on the wing.

"Generally speaking, our guards this year are better ball handlers and better shooters," Litter noted. "One of our most promising newcomers is Naomi Bronson. She fits in great with our style of up-tempo play. She pushes the ball up court and loves to play defense. Margaret made great contributions for us last season. She will add depth as a back-up point guard and shooting guard. Michelle is what we call a 'game player', she really turns it on during a game. She will be a back-up point guard who can really get after it on defense and is a great shooter."

At forward, the Lady Eagles have a multitude of options from which to choose. In addition to Kirkland, Sizemore, Robinson and Brazley, Litter can turn to another of the squad's outstanding shooters, 5-11 sophomore **Laurie Vincent**. An 11-game starter in 1998-99, Vincent averaged 5.8 points per game. She should figure prominently in the rotation when Litter turns to a three-guard lineup.

Among those who will bang inside are 5-10 sophomore **Shelley Schaberg** and burly front-line freshmen 6-1 **Abby Adams** and 6-0 **Tiffany Hornsby**. All three are sound on the block, but have a feathery touch and can play facing the basket.

"The forwards have good range and are better penetrators than in year's past," said Litter. "Cisha and Vette have made

*Although a shooting guard in her first year as a Lady Eagle, Margaret Klee will be looked upon to do more ball handling this year.*

tremendous progress since last year and have really bought into what we are trying to do. Julie is aggressive and intense on the court, and can really slice to the basket. Jody comes in with great credentials, but we are trying not to put too much pressure on her. She is down to earth and eager to learn and is progressing daily. She will make a difference in our program. Laurie is one of the hardest workers on the team and made great strides in all phases of her game over the summer."

Gales figures to be the front-runner for the post position, but sophomore **Jodi Dempsey**, who improved drastically as the season progressed last year and developed into a shot-blocking force,

notching the 10<sup>th</sup>-most rejections in a single-season in MSU history, will challenge for playing time. In addition, at 6-3, Dempsey is the tallest Lady Eagle since Renee Miller played in 1993-94.

"Tasha is a great athlete, and at 6-2, has all it takes to make it in the OVC," Litter stated. "Jodi is one of the hardest workers on the team. She made tremendous gains after having spent the summer here working on her game daily, both on her basketball skills and in the weight room."

Although the schedule will again include several teams the Lady Eagles faced last year, MSU should be more competitive both in the league race and against non-conference opponents. Highlighting the squad's early-season endeavors is a trip to Montana State to face the Bobcats in the first round of the GranTree Classic, which also includes Bowling Green and Mississippi.

Coming to play in the Academic-Athletic Center in 1999-2000 will be all nine OVC teams, plus non-conference opponents Marshall, UNC Asheville, Oakland (Mich.) University and Davis-Elkins College. The Lady Eagles will open the regular-season with Davis-Elkins on Nov. 19 at 7 p.m., after hosting exhibitions on Nov. 10 and Nov. 14.

"The coaching staff and the players are optimistic about the upcoming season," remarked an exuberant Litter. "We have a challenging schedule, but we believe we can compete with anyone we will face this season. For the first time, we have enough athletes to play our up-tempo style of basketball."

Litter expects the added depth and overall talent will translate into more conference wins and a hopeful berth in the eight-team league tournament for the first time since 1996-97. Reigning OVC champ Tennessee Tech will again be the team to beat, while Tennessee-Martin, Middle Tennessee State and Southeast Missouri State each won at least 18 games last season. MTSU and SEMO, who were both invited to the Women's NIT, gave the conference three teams in the postseason last March for the first time ever. The race should once again be tight, but Morehead State has gained on its OVC opponents and it should translate into more conference wins.

Litter has set lofty goals for her troops. To traverse the trestle from where they have been to where they want to be, the Lady Eagles will need to mesh all of their new faces and pick up Litter's system quickly. The talent is there. MSU has the height, depth, athleticism and versatility to achieve the success it desires this season and return to the form that brought about numerous wins in the team's heyday. Litter has tasted success at every phase of her career and she intends to make MSU the pinnacle.

"We have two primary goals this year," Litter summarized. "One, to post an overall winning record. And two, to earn a berth in the OVC 'Final Four' in Nashville come March. We believe we have the ability and desire to achieve these goals and get the Lady Eagle Express 'Back on Track.'"

If Litter and her group of engineers can shed their relative inexperience and live up to their billing, the Lady Eagles can achieve their goals and more, and be "Back on Track."

*Like she has done the past two years, senior forward Cisha Brazley is expected to again be a force on the boards for MSU.*

The Ohio Valley Conference

# THE OHIO VALLEY CONFERENCE

Fresh off the celebration of its golden anniversary in 1997-98, the Ohio Valley Conference continues to build on the success that has made it the nation's eighth-oldest NCAA Division I conference.

The OVC's proud past dates back to 1948, but seeds for the new league were actually planted in 1941. It was then that Roy Stewart, the athletics director at Murray State, Charles (Turkey) Hughes, the athletics director at Eastern Kentucky, and Kelly Thompson, the public relations director at Western Kentucky, first broached the idea of forming a new conference.

Discussions were put on hold by World War II, but re-emerged Feb. 27-28, 1948 at the Kentucky Hotel in Louisville as the three original institutions combined with Morehead State, Louisville and Evansville to form the Ohio Valley Conference.

In the 1950's, the OVC became a pioneer on a much more significant scale socially. During times of racial segregation, league member Morehead State became one of the first non-traditionally black mid-southern institutions to accept a black student. In 1958, Marshall Banks earned athletically-related aid at Morehead, which signed a second black athlete, Howard Murphy, a year later. (In 1961, Murphy earned football all-conference recognition at half-back.) With racial barriers broken, the rest of the institutions in the league began to provide educational and athletic opportunities to African-Americans.

In 1955, the OVC became only the second six-member league nationally to earn an automatic bid to the prestigious NCAA Men's Basketball Tournament, which, at that time, was limited to only 24 participants.

Recognizing the need to provide increased opportunities for female athletes, the OVC established women's championships in the sports of basketball, tennis and track in 1977, with cross country and volleyball added over the next four years. Those sports were initially governed by the Association of Intercollegiate Athletics for Women, but the overall strength of women's programs in the league was demonstrated by the automatic bids the OVC instantly received when the NCAA became the governing body in 1982.

Women's basketball in the OVC has been dominated by Middle Tennessee and Tennessee Tech. The Lady Raiders have won or shared the league's regular-season title 11 times in the past 21 years, and have captured six OVC Tournament titles, including four straight from 1983-86. The Golden Eaglettes have won or shared 12 regular-season crowns and have taken home eight OVC Tournament titles. In fact, Tennessee Tech has reached the championship game of the OVC Tournament 14 times in the past 16 years.

While those programs remain strong, the league has become more balanced in recent years with Tennessee State (1993-94, 1994-95), Austin Peay (1995-96) and Eastern Kentucky (1996-97) having won four of the last six OVC Tournaments.

Several coaches have made their mark in the relatively short history of OVC women's basketball. Marynell Meadors posted an amazing 363-139 (72.3%) record at Tennessee Tech, becoming the first woman in NCAA or AIAW history

to win 300 games at the same institution. Larry Joe Inman has won more than 100 games at both Middle Tennessee and Eastern Kentucky, and has earned OVC Coach of the Year honors six times - three times at MTSU and three times at EKU. Tennessee Tech's Bill Worrell has led the Golden Eaglettes to seven NCAA Tournament appearances in the last 13 seasons, including five straight from 1989-93. Tennessee State's Teresa Phillips earned National Coach of the Year honors from *USA TODAY* in 1990 for turning around the Lady Tigers' program, and she went on to lead TSU to the NCAA Tournament in 1994 and 1995.

Many great players have graced the hardwood over the years, including former OVC Players of the Year Pam Chambers, Jerilynn Harper, Cheryl Taylor, Angela Moorehead and Roschelle Vaughn from Tennessee Tech; Jennifer McFall, Kim Webb, Tawanya Mucker and Priscilla Robinson from Middle Tennessee; Morehead State's Donna Murphy and Priscilla Blackford, Eastern Kentucky's Kim Mays and Southeast Missouri's Gray C. Harris.

Over its 51 years, OVC teams have garnered national championships and bowl games in football, along with national team or individual titles in the sports of rifle, cross country, track and golf.

The OVC has also produced several Olympic athletes, while some of the greatest players in professional sports were educated at OVC institutions. The list includes former greats such as basketball's Clem Haskins (Western Kentucky) and two-sport star Steve Hamilton (Morehead State) to present day standouts like basketball players Carlos Rogers (Tennessee State), Popeye Jones (Murray State) and Bubba Wells (Austin Peay), football players Tim Lester (Eastern Kentucky), Mike Caldwell (Middle Tennessee) and Brent Alexander (Tennessee State), baseball players Kirk Reuter (Murray State) and Willie Blair (Morehead State) and professional golfer Jeff

Sluman (Tennessee Tech).

The OVC sponsors the following sports: baseball, basketball, cross country, football, golf, tennis and track for men, and basketball, cross country, golf, soccer, softball, tennis, track and volleyball for women. The OVC also sponsors the combined men's and women's sport of rifle.

Over the last few years, the league has grown, not only in the number of athletics opportunities it is providing for students, but in terms of the number of institutions in the league. In the early 1990's, the league expanded by two members, adding Southeast Missouri State University and the University of Tennessee at Martin. The league grew to 10 members in 1996-97 with the addition of Eastern Illinois University. Other current representatives include charter members Eastern Kentucky University, Morehead State University and Murray State University, along with Austin Peay State University, Middle Tennessee State University, Tennessee State University and Tennessee Technological University.

# OVC SPORTSMANSHIP STATEMENT

OVC student-athletes must understand that they are perhaps the most visible representatives of their institutions. Also, their behavior is observed and emulated by many who are younger. OVC student-athletes must honor the responsibilities that accompany the privilege of representing our schools by behaving with dignity and class on and off the field.

**Spirit Groups**--Like our student-athletes, these groups are visible representatives of our universities. As such, we place high expectations on them for decent behavior. Cheerleaders, bands and other spirit groups are admitted to contests at the pleasure of our institutions to support their teams and assist in creating a fun atmosphere. They are not admitted in order to disrupt or confront the opponent and such behavior will not be tolerated. Their focus must be toward encouragement of their team and respect for the opposing team.

**Officials**--Officials who are assigned Conference contests must enforce the rules regarding sportsmanship, without tolerance for abuse. The only warning to participants and coaches regarding sportsmanship should come at the beginning of the contest. Once the contest begins, penalties (consequences), not warnings, must be assessed for violations of unsportsmanlike conduct. Similar to the baseball policy of ejecting coaches for arguing balls and strikes, the Conference will require that officials eject any coach who protests unsportsmanlike conduct calls, provided such ejection is permissible to the rules of that sport.

Each official assigned by the OVC will be provided a card with the following statement which must be read to the captains and coaches of every contest prior to the beginning of the game: "The OVC requires officials to enforce all rules regarding unsportsmanlike conduct by coaches and players. There will not be any tolerance for negative statements or actions between opposing players, especially taunting and baiting. If such comments are heard, a penalty will be assessed immediately. If any coach protests an unsportsmanlike penalty, he or she will be ejected for the contest. We have been instructed not to issue warnings during the contests. It is strongly suggested that you remind your participants of this policy." Officials who do not follow this policy will be subject to suspension.

**Commissioner**--The commissioner is expected to enforce the unsportsmanlike conduct rules of the game and the Conference. He or she is authorized to assess penalties for improper behavior that is not detected or properly addressed during the contest. Institutions and their personnel are expected to fully cooperate with his or her effort to investigate possible improper behavior.

In the unfortunate event that an altercation occurs during a contest, all individuals who are on the bench are expected to remain there. It is incumbent upon the head coach to ensure that this occurs. The commissioner is directed to suspend automatically the head coach of a team whose bench personnel enter the field or court of play during an altercation, regardless of whether those individuals become involved in the altercation.

**Fans**--The Conference hopes and believes that the establishment of the principles outlined in this document will create a wholesome atmosphere that will attract more fans to our events. The fans attending our games must be reminded by the public address announcer of the expectations of sportsmanship and respect for both opponents. We expect that all fans will act in an appropriate manner, and respect the opposition and the officials. We understand that occasionally there are individuals who attend games and abuse the opposition and officials. Those individuals may be dismissed from athletic events.

**Concluding Statement**--The Conference believes that the effort to meet the expectations outlined in this document will increase the attractiveness at our athletic events by creating a healthy environment for our competition.

**General**--The Ohio Valley Conference is committed to establishing sportsmanship and developing healthy environments for competition. This conference wants to lead the way in abolishing the notion that it is desirable to create a "hostile" environment for intercollegiate athletic contests. Instead, we will strive to create "hospitable" environments. We believe that part of the role of education through sports is to teach our youth and our communities to conduct themselves with sportsmanship and respect for opponents.

In an effort to achieve this goal, the Conference has developed this statement which outlines the expectations of the various groups and individuals associated with our intercollegiate athletics program.

**Administration**--It is incumbent upon institutional administrators to create an environment of hospitality for visiting teams, particularly for those individuals at Conference institutions. OVC administrators must develop the attitude that the treatment of a visiting team and its fans will be in the same manner that they would want their teams to be treated.

The athletics director at the host institution must ensure that he or she, or someone else designated as game manager, approaches the coach of the opposing team at a spectator event in order to welcome that coach to the institution, provide an opportunity for the coach to address any concerns, indicate the location of the game manager in the arena or stadium and identify security personnel to ensure that the visiting team is protected from abuse from the home crowd and that security is in very close proximity to the visiting team's bench. Each institution must arrange its seating at spectator events so as to emphasize sportsmanship and minimize the harassment of the visiting team and its fans.

The athletics director must ensure that those who are employed by the university treat the opponents with fairness and respect. For example, public address announcers must be required to announce the contest in an evenhanded manner with equal excitement for both teams. The institution's chief executive officer and athletics director should review periodically with other athletics department staff members, coaches, student-athletes and spirit groups (cheerleaders and bands) precisely what is acceptable conduct, as set forth in this document.

**Coaches**--Coaches have the greatest amount of influence over whether the young people in their programs are taught and follow the high principles of sportsmanship. The OVC has been benefited by coaches who have risked losing a contest by removing student-athletes who have demonstrated disrespect for the opponents. This discipline measure educates that individual and his or her teammates about the importance of sportsmanship over participation and winning. This type of attitude and courage must be adopted by all OVC coaches. Administrators and coaches must pay special attention to their student-athletes' behavior and continually emphasize the need for sportsmanship and respect. Such education is needed to counteract the constant messages received by our young people from many professional athletes and others who demonstrate a lack of respect for opponents. This Conference and its coaches are committed to teach messages that are appropriate about sportsmanship.

Coaches also have the ability to influence the behavior of their fans. OVC coaches must take every opportunity when addressing the media, booster

groups or other public forums to express the desire for fans to support their team at home contests, but not to abuse the visiting team. Coaches and administrators should stress that the participants in our athletics contests are young people who do not deserve to be mistreated by a hostile crowd.

**Student-Athletes**--Respect for the game in which the student-athlete participates also demands respect for the opponent. Student athletes at OVC institutions are expected to treat opponents with sportsmanship. There can be no tolerance for taunting and baiting of opponents.

## OVC Tournament

**Possible Games 28-30**  
**Feb. 29, March 4-5**  
**First round, Time TBA**  
**campus sites**  
**Semifinals, Noon/2 p.m. ET**  
**Nashville, Tenn.**  
**Finals, 6 p.m. ET**  
**Nashville, Tenn.**

### GAME INFORMATION

The top eight teams qualify for the OVC Tournament, with the top four hosting the first round games. The semifinals and finals will be played at the Gaylord Entertainment Center (formerly Nashville Arena), with Fox Sports Net South broadcasting the championship game live. The conference tournament champion earns an automatic bid to the NCAA Championships.

### TIE BREAKERS

**Two Way--**Head-to-head competition is the first criteria, if the two teams split their meetings, then the records versus the highest seed are compared. This process continues through the No. 10 seed. If the tie remains, the seeds will be determined by a coin flip.

**Multiple\*--**Composite records between the tying teams are evaluated first. The tying teams are then compared against the records of the highest seed. This process continues through the No. 10 seed. If the tie remains, the seeds will be determined by a coin flip.

\*NOTE--Once a multiple tie has been reduced to two teams, the two-way formula is used.

### EVENT HISTORY

**Tournament champions**  
**(1982-99)--**Tennessee Tech (8), Middle Tennessee St. (6), Tennessee State (2), Austin Peay (1), Eastern Kentucky (1)

**Composite records (1982-99)--**Tennessee Tech (30-10), Middle Tennessee (21-12), Eastern Kentucky (7-11), Tennessee State (5-6), Morehead State (5-10), UT-Martin (4-3), Murray State (4-7), Austin Peay (4-8), Southeast Missouri (1-6), Eastern Illinois (0-2)

# The University

# MOREHEAD STATE UNIVERSITY

Meeting the educational needs of Eastern Kentucky while striving to constantly improve the quality of its public service, economic development and applied research programs are the primary objectives of Morehead State University.

Historically the University traces its lineage to the Morehead Normal School, which opened its doors in 1887. The private school closed in the spring of 1922 when the Kentucky General Assembly established Morehead State Normal School. The state institution accepted its first students in the fall of 1923 and graduated its first class in 1927. Name changes occurred in 1926 when "and Teachers College" was added, again in 1930 when it was shortened to Morehead State Teachers College, again in 1948 when "Teachers" was dropped and, finally, to university status in 1966. Twelve men, starting with Dr. Frank C. Button, have served as president. Dr. Ronald G. Eaglin assumed office as the 12th president on July 1, 1992.

Academically, the University offers 67 undergraduate degree programs, including 9 associate level degrees and 11 pre-professional programs in four colleges — Business, Education and Behavioral Sciences, Humanities, and Science and Technology — and 21 academic departments. There are 20 graduate degree programs plus two graduate level non-degree programs designed especially for professional educators. A post-master's level degree, education specialist, and a joint doctoral program with the University of Kentucky also are offered on the MSU campus.

Classes also are conducted in Ashland, Jackson, Maysville, Pikeville, Prestonsburg, West Liberty, Whitesburg and other locations. Extended campus centers located in Ashland, Prestonsburg, and West Liberty are staffed with full-time personnel. Additionally, the University offers a number of distance learning courses throughout the region via Internet and interactive compressed video. Sixty-two percent of MSU's full-time faculty members hold doctoral degrees.

Physically, the University is located in the foothills of the Daniel Boone National Forest in Rowan County. The nearly 500-acre main campus within the city limits of Morehead includes more than 50 major structures with a total replacement value of more than \$144 million. Beyond the city, the University's real estate holdings include the 320-acre Derrickson Agriculture complex and a nine-hole golf course. The instructional plant includes 120 classrooms and 112 laboratories. Housing facilities include space for 3,400 single students and 178 families.

Fiscally, the University currently operates on an annual budget of \$76.9 million with about \$39.3 million provided by the state and \$37.6 million coming from tuition/fees and other sources. Additionally, grants and contracts from external sources for research, service and academic/student support projects generate about \$7.5 million each year. Private donations to the University, mainly through the MSU Foundation, Inc., have reached \$2 million.

Statistically, the University has awarded more than 42,000 degrees, has an average fall enrollment of more than 8,200 and nearly 990 full-time employees. The student body represents 100 Kentucky counties, 40 states and 32 foreign countries. The University attracts more than 55,000 visitors each

year and its economic impact, directly or indirectly, on the Morehead area is estimated at more than \$70 million yearly.

Administratively, the University is governed by an 11-member Board of Regents with eight citizens appointed by the governor and three seats held by the elected faculty, staff and student representatives. Management of the institution is vested primarily in four divisions — Academic Affairs, Administration and Fiscal Services, Student Life and University Relations. Each is headed by a vice president.

Athletically, the University sponsors 17 intercollegiate sports in accordance with the regulations of the Ohio Valley Conference and Division I of the National Collegiate Athletic Association. Those sports include football, basketball, baseball, cross country, indoor and outdoor track and field, rifle, golf and tennis for men, and volleyball, soccer, basketball, softball, cross country, indoor and outdoor track and field, rifle and tennis for women. MSU also supports an intramural program involving more than 20 team and individual sports.

## Affirmative Action Statement

6/28/99

Morehead State University is committed to providing equal educational opportunities to all persons regardless of race, color, national origin, age, religion, sex, or disability in its educational programs, services, activities, employment policies, and administration of students to any program of study. In this regard the University conforms to all the laws, statutes, and regulations concerning equal employment opportunities and affirmative action. This includes: Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Executive Orders 11246 and 11375, Equal Pay Act of 1963, Vietnam Era Veterans Readjustment Assistant Act of 1974, Age Discrimination Act in Employment Act of 1967, Sections 503 and 504 of the Rehabilitation Act of 1973, (as amended in 1992), Americans with Disabilities Act of 1990 and Kentucky Revised Statutes 207.130 to 207.240. Any inquiries should be addressed to Francene Botts-Butler, Affirmative Action Officer/ADA Coordinator, Morehead State University, 308 Allie Young, Morehead, KY 40351. Telephone (606) 783-2085.

*The University is located in picturesque Daniel Boone National Forest.*

# ATHLETIC ADMINISTRATION

## Dr. Ronald G. Eaglin, President

Dr. Ronald G. Eaglin, an outspoken proponent of student success strategies in college administration, has served since July 1, 1992, as the 12th president of Morehead State University in Morehead, Ky.

A native of St. Louis, Mo., President Eaglin came to Kentucky from the chancellorship of Coastal Carolina University in Conway, S.C. Previously, he was vice chancellor for academic affairs at the University of South Carolina at Spartanburg. Earlier, he was the southeast regional director of the American College Testing Program (ACT).

A former Chair of Kentucky's Conference of University Presidents, Dr. Eaglin holds a bachelor's degree in biology and mathematics from Southeast Missouri State, where he was a member of the Indian tennis team, a master's degree in student personnel administration from Southern Illinois and a doctoral degree in education psychology from Utah.

President Eaglin's expertise in student retention recently was highlighted in a research report he wrote for the American Association of State Colleges and University (AASCU) on the role of campus chief executives in helping students be successful in college. Dr. Eaglin was a member of the AASCU Board of Directors and had the distinction of representing two different institutions on the NCAA Presidents Commission. His consulting work in student personnel and academic matters has taken him in recent years to Cyprus, China and Ireland and to numerous campuses across this country.

President Eaglin is active in economic development matters in East Kentucky, serving presently by appointment of Gov. Paul Patton on the Kentucky Appalachian Commission and Education Pays Task Force. He is a member of the Board of Directors of the Morehead-Rowan County Chamber of Commerce and the Central Appalachian Alliance, a partnership of energy and land holding companies and universities in Kentucky, Virginia and West Virginia.

Dr. Eaglin and his wife, Bonnie, have four adult children and four grandchildren.

## Mike Mincey, Vice President for Student Life/Athletic Director

Mike Mincey, Morehead State's Vice President for Student Life and a former Eagle athlete, assumed responsibility for supervision of the University's athletics program in June, 1993.

An MSU administrative staff member since 1975, Mincey was appointed interim vice president in 1986 and assumed the title of vice president and Dean of Students in 1990 following a national search. Since joining the staff, Mincey has held a variety of posts including assistant to the vice president for academic affairs, grants coordinator and coordinator for academic support services.

In addition to the athletics program, Mincey also provides supervisory support to the areas of the Dean of Students, student activities, student development, financial aid and scholarships, student housing, admissions, public safety and conference services.

Mincey earned four varsity letters (1965-68) as a member of the Eagle football squad, and was a part of MSU's last Ohio Valley Conference football championship in 1967. During his prep days, he was an all-stater at Ware County (Ga.) High School.

A three-time graduate of the University, he has earned a bachelor's degree and two master's degrees, including one in higher education, during his affiliation with the school. The native of Waycross, Ga., has done advanced studies at Indiana University and is a member of the National Association of Student Personnel Administrators.

Prior to joining the MSU staff, he taught and coached in public schools in Flemingsburg, Ky., and Tifton, Ga.

His wife, the former Kathy Crusie of Lyndon, Ohio, is a two-time graduate of MSU and currently serves the University as an assistant professor of English. They have three children, Sarah, Jacob and Samuel.

## Dr. Michael Brown, Faculty Representative

Dr. Mike Brown has been affiliated with the University off and on since 1959, when he enrolled as a freshman. He was a member of the football team and from 1959-62 played quarterback, wide receiver and defensive back for the Eagles, earning honors as an All-Ohio Valley Conference Second Team offensive end as well as the league's Most Outstanding Defensive Back. In addition, he was the league's leading punter in 1960 and 1962, and was co-captain of the 1962 squad which was the OVC co-champion.

After graduating in 1963 with a bachelor's degree in health and physical education as the Outstanding Physical Education Student award recipient, Brown moved on to the University of Tennessee, where he was a graduate assistant for both the football program and the Physical Education Department. He earned his master's in health and physical education in 1964 from UT.

From 1964-65, Brown began a high school teaching career in both Georgia and Ohio, where he also served as a football and track and field coach. He spent one year at each school as a health and physical education instructor.

In 1966, he returned to MSU and was an assistant football coach on the only team to win the OVC title outright. He spent three years at Morehead State, before moving on to earn his doctorate at Southern Mississippi in exercise physiology, with a minor in research and statistics in 1972. He also did post-doctoral work at Wisconsin-LaCrosse in cardiac rehab in 1978.

He has served as an MSU faculty member since 1972 and has been the athletic department's faculty representative since 1986. As the faculty rep, Brown has served on a number of University and OVC committees.

Brown is married to MSU Athletic Hall of Fame member Laradean Brown, the only former Eagle volleyball coach to be so honored. They reside in Morehead. They have an adult son, Greg, a businessman, who is married to Jane Brown, the Director of the Wellness Center.

A native of Logan, Ohio, Brown is a member of the Logan High School Athletic Hall of Fame.

Dear Friends:

Morehead State University is committed to upholding the highest integrity within all procedures and practices of the athletic department. We are pleased to publish this note as a reference to understanding often confusing NCAA regulations.

The NCAA defines "representatives of athletic interests" as alumni, friends and boosters of the University. All member institutions are held accountable for their representatives' actions. One violation could jeopardize the eligibility of any or all Eagle Athletic programs.

As a general rule, anyone who has financially supported Eagle Athletics, been a member of any booster organization, or who has supported Eagle Athletics is considered a "representative" of Eagle Athletics. If anyone has questions regarding these types of relationships, please contact Brian Hutchinson, Director of Development and Marketing at (606) 783-2593.

Prospective student-athletes can be defined as a student who has started classes in the ninth grade or any younger student-athlete who has received a benefit from the institution. These individuals may only be recruited by MSU coaches who have passed the *NCAA Recruiting Rules Examination*. While "representatives" of Eagle Athletics may speak to any of these individuals via telephone or in person, a recruiting effort must not be made. Also, no student-athlete or prospective student-athlete may receive any extra benefit outside of the support provided by the institution. For any questions regarding this description, please contact Jim Wells, Compliance and Educational Services Director at (606) 783-5136.

These are certainly not all the regulations any "representative" of Eagle Athletics must remember. However, they provide a good outline of the types of things that could endanger the eligibility of any MSU Athletics program. Again, feel free to contact us if you have any questions. Thanks again for your support of Morehead State Athletics.

Sincerely,

Jim Wells  
Compliance and Educational Services Director

Brian Hutchinson  
Director of Development and Marketing

## Morehead State University Intercollegiate Athletics Mission Statement

*Morehead State University believes that Intercollegiate Athletics is an integral part of the University and that a broad-based intercollegiate athletics program encourages student participation and involvement in the total life of the University. In addition, intercollegiate athletic programs play a positive role by supporting the academic and public service missions of the University.*

- Each athletics program shall be conducted in a manner that protects the physical, mental, emotional, and social welfare of each student-athlete.
- Each student-athlete, through academic counseling and individual assistance, shall be encouraged toward completion of degree requirements and graduation.
- Each athletics program shall adhere to the principles of fair play and amateur competition as defined by the National Collegiate Athletic Association and the Ohio Valley Conference.
- Each athletics program shall be administered at the highest level that the University's resources will allow so that each student-athlete will have the opportunity to compete to the fullest extent of his or her ability.
- The athletics programs at Morehead State University shall make every effort to educate and serve the student-athletes of the University's primary service area and their respective educational institutions.
- The athletics program will accommodate student's interests and abilities in a manner that is nondiscriminatory to both sexes and reasonable with the University's resources.
- The athletics program shall adhere to the University's Affirmative Action Plan promoting equal opportunity for all employees and students, as well as applicants for employment and student participation.

# ACADEMIC SUCCESS

The Lady Eagles have a history of being successful off of the court, especially in their academic endeavors. In total, the team has had five athletes recognized with the OVC Academic Medal of Honor in the 10 years the conference has presented the award. In addition, 58 times a Lady Eagle has earned a spot on the Commissioner's Honor Roll. Among the current athletes, four have been named five times to the MSU Dean's List during their careers.

The OVC's highest all-around in-season honor is the **Scholar-Athlete Award**, recognizing excellence in athletics, academics and leadership. Twenty MSU athletes, including women's basketball player, **Donna Stephens** in the inaugural year of the award (1981-82), and Eagle baseball player Sam Hoehner last winter, have been recipients of the honor.

## OVC ACADEMIC MEDAL OF HONOR

For the past 11 years, the Ohio Valley Conference has recognized student-athletes for their academic achievements with its Academic Medal of Honor. The award is presented to the student-athlete who has the highest GPA (above 3.00) in each sport sponsored by the OVC. In case of ties, each student-athlete is given a Medal of Honor. In total, 29 women's basketball student-athletes have been chosen, with nine of the 10 current OVC schools having had at least one student-athlete win the award. Austin Peay has had nine student-athletes selected, the most by any school. Morehead State is next with five, including former Lady Eagle, **Kelly Adams** last year.

# ATHLETIC FACILITIES

Morehead State has at its disposal modern and well-equipped facilities for the use of its athletic teams. Included among those are Jayne Stadium, the Athletic-Academic Center (AAC), the George A. Sadler Tennis Courts, Allen Field, Wetherby Gym and the University Softball Field, to name a few. Among the facilities used for purposes other than competition is the Phil Simms Weight Training Facility, a building dedicated by the former Morehead State and New York Giants' football star, which allows MSU athletes every opportunity to enhance their strength and conditioning. In addition, there is a spacious athletic training facility in Jayne Stadium, complete with all of the resources needed to enhance the training of MSU athletes, while allowing them to rehabilitate and recover from injuries quickly and safely.

The Academic-Athletic Center and the Ellis T. Johnson Arena have been the home for Lady Eagle basketball practices and games since the fall of 1981.

Ground was broken for the structure in the spring of 1978. The building was erected at a cost of \$7,035,000 and it was opened for occupancy by the athletic staff on June 1, 1981.

The first university function held in the Academic-Athletic Center was spring commencement on May 9, 1981. Since then, the arena has hosted concert performances by Alabama, David Letterman, M.C. Hammer, the Goo Goo Dolls, Blessed Union of Souls and Sawyer Brown, just to mention a few.

The arena also plays host to the 16th regional boys basketball tournament annually during March.

Ellis T. Johnson Arena seats 6,500 spectators, and additional seating can be added for concerts and other speaking engagements. A hydraulic stage, located at the east end of the arena, can be raised up to six feet above floor level for simple conversion from a basketball floor to an auditorium platform.

Ten sections of the arena are fixed with blue chairback seating, two sections with gold cushioned chairback seats, and the remaining seating is in bleacher form.

The AAC houses offices for all of the athletic staff members with the exception of football, baseball and cross country/track.

The square-shaped building was the result of over four years of careful planning. Preliminary planning, which originally called for the renovation of Wetherby Gymnasium, began in 1975.

Also located in the complex are a gymnastics room, a physiology laboratory, a VIP room for entertaining guests, a weight room, sauna and steam rooms, four concession areas and a number of storage areas.

Another part of the AAC structure is an L-shaped swimming pool and diving area. The aquatic facility, which cost approximately \$1.5 million of the total \$7 million complex, has seating for 300 spectators, and was the home of the MSU swim and dive teams through 1995, before the program was discontinued.

In addition, deep under the floor, there is an underwater viewing area for instructors to watch students' swimming and diving styles. An underwater speaker system is also available to assist instructors.

Since beginning play at the Academic-Athletic Center in 1981, the Morehead State Lady Eagles have posted a 122-94 record, for a .565 winning percentage. The Lady Eagles have posted only five losing years in 18 seasons of play in the arena.

MSU won 10 games in the arena during the 1984-85 year, which marks the most games the Lady Eagles have won there in a single season since the building opened.

### Athletic Training

The main athletic training room, a spacious and modern facility with four whirlpools,

stairsteppers and exercise bicycles, is located in Jayne Stadium. Two other remote facilities are in the Academic-Athletic Center and Wetherby Gym. The MSU staff includes head athletic trainer Gary Diehm, assistant Johnda Wireman, plus two graduate assistants and several student assistants. Diehm, Wireman and the graduate assistants are either certified or eligible for certification. Also members of the MSU medical team are a group of highly-qualified doctors, including orthopedic surgeons, Dr. Tom Fossett and Dr. Pat Serey; a dentist, Dr. Jim Bendixen; and an optometrist, Dr. Thomas McHugh. In addition, the St. Claire Medical Center, located in Morehead, utilizes a full-spectrum of medical services. In all, the Lady Eagles have access to several specialists in all areas of potential need, providing them with the most modern medical attention available.

### Weight Room

MSU athletes have two primary weight room facilities for their use. The largest is the Phil Simms Weight Training Facility, which is used primarily by the football squad, but accessible for use by all MSU teams. The other facility is located in the AAC and is the primary domain of the basketball teams. It offers a wide range of modern equipment, including a stairmaster, free weights and Nautilus-style machines, which can help the Lady Eagles and Eagles achieve the highest level of strength training.

### Locker Room

Besides having a first-rate facility in which to play and practice, the Lady Eagles also have a top-notch locker room with all of the amenities, including a large-screen television and a VCR to view game tapes and scout opponents, plus a lounge area with a sofa where they can relax. The locker room is also directly connected to the training room in the AAC, offering the athletes easy access to gain any necessary treatment.
